HOW TO USE THIS DIRECTORY

The Directory of Illinois Probation and Court Services is a compilation of all personnel working in probation and court services in the state. The Association has attempted to name each and every person in every circuit, with the assistance of the directors and chief probation officers in each county. The Association and all that use this directory owe a debt of gratitude to the individuals who assisted in updating the information.

If you know the county in which an individual is employed, you can look up the county name in the alphabetical index found on page 7. Page 16 includes a listing of juvenile detention facilities in Illinois, and these are also contained within the applicable judicial circuit listing. The circuits appear in the directory in numerical order. Many counties have now included e-mail addresses. Finally, page 14 includes pertinent legislative information.

LEGISLATIVE INFORMATION

The Illinois Probation and Court Services Association is in the forefront in promoting legislation that improves the administration of the criminal justice system, protects the rights of crime victims, demands accountability by offenders, and improves the working conditions for probation and detention officers. The IPCSA Executive Board has always placed a strong emphasis on legislative action. The IPCSA Legislative Committee is one of the largest and most active association committees, serving as a resource for the Executive Board, other IPCSA Committees and all member of the association.

The Illinois General Assembly convenes every January in odd-numbered years following the Fall General Election held in November. Each General Assembly lasts two years and meets for most of January through the end of May in its regular Spring Session. Several thousand items of legislation are introduced each year by the 177 members of both the Illinois Senate and the Illinois House, including several hundred affecting the criminal justice system.

The IPCSA Executive Board has committed the resources of the association to hire a Governmental Relation professional to advise the Board in how to best achieve IPCSA goals in Springfield and to work with your local legislators in the General Assembly in how to achieve those goals. IPCSA also works closely with the Supreme Court's Administrative Office of Illinois Courts (AOIC) on all aspects of the legislative agenda, and works with other State agencies, and other interest groups to support mutual legislative goals.

It is vitally important that all members of IPCSA get involved in the legislative process. Get to know your legislators. Your views as a constituent are important to each legislator, and therefore important in shaping statewide legislation. This "grass roots" approach to the legislative process is important to IPCSA, where strength in numbers often determines successful outcomes.

If you want a list of the bills IPCSA is following, please contact the Chairman of the Legislative Committee, Thomas Gregory of Vermilion County. Copies of legislation, schedules, and even live audio and video feeds of both committee and floor action are available on the Illinois General Assembly's website: <http://www.ilga.gov>. You can find out who your legislators are by contacting the Illinois State Board of Elections at <http://www.elections.illinois.gov>.
